Dear New EPIC Charter School Families,

We are honored you have chosen EPIC Charter Schools for the 2019-2020 school year! As superintendent, I want to be the first to welcome you to the EPIC family and to assure you that we will do everything in our power to make sure your students are successful in the coming school year.

As a new EPIC family, we know you likely have a lot of questions. Throughout the remainder of the summer, we will send you information on topics you’ll find of interest. Expect an email from us about every few days on such topics as the various departments that are within EPIC and how they serve children; how our teachers regularly interact with students to facilitate learning; how to use our Parent Portal; what pacing is and why it’s important; tutoring; how to use and build your child’s Learning Fund; deciding what curriculum will best meet your child’s needs; and so much more.

You can also expect your child’s teacher to reach out to you in the coming days to schedule your first meeting. Most teachers do this between late July and August. If you have not been contacted by your teacher by mid-August, please contact the school.

EPIC’s 2019-2020 school year officially begins on Tuesday, September 3.

We will also mail a welcome packet to your home in the next few weeks from the school, which will include our school calendar, a pacing guide and a departmental contact list – all resources you’ll want to keep to refer to throughout the school year.

Below, you will find links to all of our social media platforms. We encourage you to start following them for quick and easy access to EPIC news and information.

Again, welcome to EPIC. We are so very excited about serving your family in the 2019-2020 school year and look forward to communicating with you regularly throughout this summer.

Sincerely,
Bart Banfield,
Superintendent

P.S. If you know of other families who are interested in EPIC, make sure and refer them to us. For every family who enrolls in EPIC for the 2019-2020 school year and lists you on their enrollment application as the person who referred them, your child receives additional credit in his/her Learning Fund!
